Subject: World Summit on the Information Society (WSIS) Prizes 2016 - Call for New Entries

Dear Sir/Madam,

I am pleased to announce the launch of the contest of WSIS Prizes 2016. As you may be aware, WSIS Prizes are a unique recognition for excellence in the implementation of WSIS outcomes.

In July 2015 the United Nations Economic and Social Council (ECOSOC) adopted the resolution that: “reiterates the importance of sharing best practices at the global level, and, while recognizing excellence in the implementation of the projects and initiatives that further the goals of the World Summit, encourages all stakeholders to nominate their projects for the annual World Summit project prizes (www.wsis.org/prizes) as an integral part of the World Summit stocktaking process”.

ICTs are enablers for sustainable development and in this regard, reporting on ICT success stories to best showcase the possible achievement of SDGs through the implementation of WSIS Action Lines related projects is the new objective of WSIS Stocktaking process, including WSIS Prizes. While continuing to highlight progress made towards achieving the WSIS goals, WSIS Prizes 2016 will start reflecting their linkages with the newly proposed Sustainable Development Goals (SDGs).

The contest of WSIS Prize 2016 is organized in five phases with Submission phase starting from 13 October 2015 and with Online Voting phase ending on 10 March 2016 (see Annex I for details). The WSIS Prize 2016 ceremony will be held during the WSIS Forum 2016 in Geneva, Switzerland, where 18 winners of WSIS Prizes contest will be honored, recognized and presented with an award. ICT for development (ICT4D) community is encouraged to continue following WSIS Stocktaking process, and submit their project descriptions for WSIS Prizes 2016 using the WSIS Stocktaking online platform (www.wsis.org/stocktaking).

I encourage all stakeholders to submit their project descriptions no later than 5 December 2015.

Yours faithfully,

Houlin Zhao
